Street Style Chic

Design Project 3

The Collection

My Collection is inspired by a girl who lives in New York City in the fall of 2021. I love street-style clothing and that is what I based my collection on. The colors I chose for the outfits were Cream, Fuchsia, Olive Green, Rust, Chocolate Brown, and Black.

Whether you are running errands, going to work, or having a night out on the town; my collection of outfits are perfect for the occasion.
